## INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Livermore-Amador Valley Water Management Agency  
Dublin, California

### ***Opinion***

We have audited the accompanying financial statements of the business-type activities of the Livermore-Amador Valley Water Management Agency (Agency), California, as of and for the years ended June 30, 2024 and 2023, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the Table of Contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Agency as of June 30, 2024 and 2023, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Agency and to meet our other ethical responsibilities, in accordance with the relevant ethical requirement relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Agency's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Agency's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Agency's basic financial statements. The accompanying Supplementary Information, as listed in the Table of Contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the Introductory Section listed in the Table of Contents, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

## Management's Discussion & Analysis

June 30, 2024, and 2023

This section of the Agency's Independent Audit Report presents management's discussion and analysis of the Livermore-Amador Valley Water Management Agency's (the Agency) financial condition and activities as of and for the fiscal years ended June 30, 2024, and 2023. Management's Discussion and Analysis (MD&A) is intended to serve as an overview of the Agency's basic financial statements. The MD&A represents management's examination and analysis of the Agency's financial condition and performance.

This information should be read in conjunction with the audited financial statements and accompanying notes that follow on page 11. The information in the MD&A is presented under the following headings:

- Organization and Business
- Overview of the Financial Statements
- Financial Analysis of the Agency
- Request for Information

### Organization and Business

The Livermore-Amador Valley Water Management Agency (the Agency) is a joint powers agency that was formed in 1974 by a joint exercise of powers agreement between the City of Pleasanton, the City of Livermore, and the Dublin-San Ramon Services District. The Agency has implemented a water quality management program involving wastewater disposal. The Agency operates an export pump station and pipeline connecting with the East Bay Dischargers Authority's system, and discharges treated wastewater through a deep-water outfall into the San Francisco Bay. The Agency currently has an Amended and Restated Joint Exercise of Powers Agreement dated September 10, 1997, among the members. This agreement, among other things, sets forth capacity limitations and capacity rights of each member as well as cost-sharing procedures for 1) debt service, 2) fixed operating costs related to capacity rights, and 3) variable operating costs related to actual use of the export facilities. The Agency negotiated a Second Amended and Restated Sewer Service Contract dated August 1, 2021, as part of a FY 2021/2022 LAVWMA debt refinancing.

### Overview of the Financial Statements

The basic financial statements include a *statement of net position*, a *statement of revenues, expenses, and changes in net position*, a *statement of cash flows*, and *notes to financial statements*. The report also contains other required supplementary information in addition to the basic financial statements.

The Agency's basic financial statements include:

The *statement of net position* presents information on the Agency's assets and liabilities, with the difference between the two reported as net position. It provides information about the nature and amount of resources and obligations at fiscal year-end.

The *statement of revenues, expenses, and changes in net position* presents the results of the Agency's operations over the course of the fiscal year and information as to how the *net position* changed during the year.

The *statement of cash flows* presents changes in cash and cash equivalents resulting from operational, capital, and related financing, and investing activities. This statement summarizes the annual flow of cash receipts and cash payments, without consideration of the timing of the event giving rise to the obligation or receipt.

# LIVERMORE-AMADOR VALLEY WATER MANAGEMENT AGENCY

## Management's Discussion & Analysis

June 30, 2024, and 2023

The *notes to basic financial statements* provide additional information that is essential to a full understanding of the data provided in the basic financial statements and can be found beginning on page 11 of this report.

### Financial Analysis

Table 1 summarizes net position at June 30, 2024, and 2023, and Table 2 summarizes revenues, expenses, and changes in net position for the years ended June 30, 2024, and 2023. Both tables also include variances from the prior year in dollars and as a percentage of the prior year.

**Table 1**  
**Summary of Net Position**  
June 30, 2024, and 2023

	2024	2023	Variance	Percent Change
Assets:				
Current assets	\$ 18,729,221	\$ 18,336,423	\$ 392,798	2.1%
Noncurrent assets:				
Capital assets, net of accumulated depreciation	103,564,710	100,326,000	3,238,710	3.2%
Total assets	<u>122,293,931</u>	<u>118,662,423</u>	<u>3,631,508</u>	<u>3.1%</u>
Liabilities:				
Current liabilities	8,845,783	6,881,616	1,964,167	28.5%
Noncurrent liabilities				
Long-term debt outstanding	49,633,198	55,082,731	(5,449,533)	-9.9%
Total liabilities	<u>58,478,981</u>	<u>61,964,347</u>	<u>(3,485,366)</u>	<u>-5.6%</u>
Deferred inflow of resources:				
Gain on refunding	2,463,575	2,803,378	(339,803)	-12.1%
Total deferred inflows of resources	<u>2,463,575</u>	<u>2,803,378</u>	<u>(339,803)</u>	<u>-12.1%</u>
Net position:				
Invested in capital assets, net of related debt	55,591,135	47,277,622	8,313,513	17.6%
Unrestricted	5,760,240	6,617,076	(856,836)	-12.9%
Total net position	<u>\$ 61,351,375</u>	<u>\$ 53,894,698</u>	<u>\$ 7,456,677</u>	<u>13.8%</u>

- The total assets of the Agency increased \$3.6 million in FY 2024 from FY 2023. This compares to a prior year decrease of \$2.3 million in FY 2023 from FY 2022. The increase in current assets includes the net impact of a reduction in “due from member agencies” and an increase in cash on hand. Other changes include increases in capital assets reflecting the substantial completion of the Livermore interceptor pipeline project and the completion of three new export pumps.
- Total liabilities decreased \$3.48 million in FY 2023 from FY 2022. This compares to a prior year decrease of \$4.4 million in FY 2023 from FY 2022, and a decrease of \$9.2 million in FY 2022 from FY 2021. The decrease is primarily due to the issuance of 2021 Sewer Revenue Refunding Bonds (Note 5). The Livermore

# LIVERMORE-AMADOR VALLEY WATER MANAGEMENT AGENCY

## Management's Discussion & Analysis

June 30, 2024, and 2023

interceptor pipeline project and the three new export pumps and the timing of those projects are also influencing these figures.

- Net position overall has increased in each of the last three years as debt has been paid down as a result of refunding the 2011 Sewer Revenue Refunding Bonds.

**Table 2**

### Summary of Revenues, Expenses and Changes in Net Position

Years ended June 30, 2024, and 2023

	2024	2023	Variance	Percent Change
Operating revenues:	\$ 11,996,736	\$ 11,692,552	304,184	2.6%
Operating expenses:	8,672,089	8,775,043	(102,954)	-1.2%
Net operating income (expenses)	3,324,647	2,917,509	407,138	14.0%
Non operating revenues (expenses)	4,132,030	(386,220)	4,518,250	-1169.9%
Change in net position	\$ 7,456,677	\$ 2,531,289	\$ 4,925,388	194.6%

- Operating revenues come from member agency contributions to cover operating costs, debt, and capital replacement. FY 2024 operating revenues increased \$0.3 million due to JPA member contribution advances and the year-end expense true-up.
- Operating expenses decreased \$0.1 million in FY 2024 compared to an increase of \$2 million in the prior fiscal year. The modest decrease in operating expenses is due to a net impact from many small increases and decreases in a myriad of operating expenses, including items like bank fees, utilities, contract services, materials and supplies, insurance, and permits.
- Non-operating revenues (expenses) reflect a net decrease in non-operating expenses over the last two years as debt is being paid down as a result of the refunding of the 2011 Sewer Revenue Refunding Bonds.

### Request for Information

This financial report is designed to provide the public, LAVWMA's JPA members, and creditors with a general overview of the Livermore-Amador Valley Water Management Agency's finances and demonstrate the Agency's accountability for the money it received and manages. **LIVERMORE-AMADOR VALLEY WATER MANAGEMENT AGENCY**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEARS ENDED JUNE 30, 2024 AND 2023**

<b>NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</b>
--

***A. General***

Livermore-Amador Valley Water Management Agency (the Agency) is a joint powers agency that was formed in 1974 by a joint exercise of powers agreement between the cities of Pleasanton and Livermore and the Dublin-San Ramon Services District. The Agency has implemented a water quality management program involving wastewater disposal. The Agency operates an export pipeline connecting with the East Bay Dischargers Authority's (EBDA) system and discharges treated wastewater, through a deep-water outfall, into San Francisco Bay. The Agency currently has an Amended and Restated Joint Exercise of Powers Agreement dated September 10, 1997, among the members. This agreement, among other things, sets forth capacity limitations and capacity rights of each member as well as cost-sharing procedures for debt service and fixed operating costs related to capacity rights and variable operating costs related to actual use of the export facilities.

The Agency has a separate Master Agreement with EBDA that governs the terms and conditions by which the Agency uses capacity in the EBDA facilities. The Master Agreement was entered into in 2007 and was set to expire on January 1, 2020. It was extended three times. First through June 30, 2020, secondly through December 31, 2020, and most recently through June 30, 2021. The most recent extension was approved by the Board at the November 18, 2020 meeting. These extensions were granted to give the parties more time to negotiate the terms and conditions for an amended and restated Master Agreement. The Amended and Restated Master Agreement between the Agency and EBDA was approved by both parties in May 2021. The agreement became effective July 1, 2021 and will be in effect until June 30, 2040. The cost terms were retroactive to July 1, 2020.

***B. Reporting Entity***

The Agency is the only entity included in these financial statements.

***C. Fund Accounting***

The accounts of the Agency are organized on the basis of funds, each of which is considered a separate accounting entity. The Agency maintains a proprietary fund that is used to account for the financing of goods or services provided by the Agency to other governments on a cost-reimbursement basis.

The Agency is a proprietary entity; it uses an enterprise fund format to report its activities for financial statement purposes. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs and expenses, including depreciation, of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

An enterprise fund is used to account for activities similar to those in the private sector, where the proper matching of revenues and costs is important and the full accrual basis of accounting is required. With this measurement focus, all assets and all liabilities of the enterprise are recorded in its balance sheet, all revenues are recognized when earned and all expenses, including depreciation, are recognized when incurred.

**LIVERMORE-AMADOR VALLEY WATER MANAGEMENT AGENCY**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEARS ENDED JUNE 30, 2024 AND 2023**

<b>NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)</b>
--

***D. Basis of Accounting***

Records of the Agency are maintained on the accrual basis. Revenues are recognized when earned and expenses are recognized when incurred.

Operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-exchange transactions, in which the Agency gives or receives value without directly receiving or giving equal value in exchange, include member contributions.

Revenue from member contributions is recognized in the fiscal year in which it is earned. Nonoperating revenues, such as interest income, result from nonexchange transactions or ancillary activities.

***E. Use of Estimates***

The basic financial statements have been prepared in conformity with U.S. generally accepted accounting principles, and as such, include amounts based on informed estimates and judgments of management with consideration given to materiality. Actual results could differ from those estimates.

***F. Cash and Cash Equivalents***

The Agency places certain funds with the State of California's Local Agency Investment Fund (LAIF). The Agency is a voluntary participant in LAIF, which is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California and the Pooled Money Investment Board. The State Treasurer's office pools these funds with those of other governmental agencies in the state and invests the cash. The fair value of the Agency's investment in this pool is reported in the accompanying financial statements based upon the Agency's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio).

The monies held in the pooled investment funds are not subject to categorization by risk category. The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on the amortized cost basis. Funds are accessible and transferable to the master account with twenty-four hours' notice. Financial statements for LAIF can be obtained from the California State Treasurer's Office: State Treasurer's Office, 915 Capitol Mall, Suite 110, Sacramento, CA 95814.

Cash and investments are used in preparing the statement of cash flows because these assets are highly liquid and are expended to liquidate liabilities arising during the year.

***G. Capital Assets***

Capital assets are recorded at cost. Assets with an initial cost of more than \$10,000 and an estimated useful life greater than three years are capitalized. Infrastructure assets with an initial cost of more than \$25,000 are capitalized. Depreciation of property and equipment is provided on the straight-line method over the following useful lives:

Pipeline and Export Facility	20-50 years
Pump Station	10-25 years
Intangible	33 years
Equipment	3-25 years

**LIVERMORE-AMADOR VALLEY WATER MANAGEMENT AGENCY**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEARS ENDED JUNE 30, 2024 AND 2023**

<b>NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)</b>
--

**H. *Bond Issuance Costs and Bond Premium***

Bond issuance costs and premium are amortized on a straight-line basis over the term of the bond.

**I. *Fair Value Measurements***

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Agency categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 inputs are inputs - other than quoted prices included within level 1 - that are observable for an asset or liability, either directly or indirectly.

Level 3 inputs are unobservable inputs for an asset or liability.

If the fair value of an asset or liability is measured using inputs from more than one level of the fair value hierarchy, the measurement is considered to be based on the lowest priority level input that is significant to the entire measurement.

**J. *Deferred Inflows of Resources***

In addition to liabilities, the statement of financial position or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflows of resources (revenue) until that time. The Agency reports deferred inflows from one source, gain on refunding of long-term debt. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

<b>NOTE 2 – CASH AND INVESTMENTS</b>
--------------------------------------

**A. *Policies***

California Law generally requires banks and savings and loan institutions to pledge government securities with a market value of 110% of the Agency's cash on deposit or first trust deed mortgage notes with a value of 150% of the deposit as collateral for these deposits. Under California Law this collateral is held in a separate investment pool by another institution in the Agency's name and places the Agency ahead of general creditors of the institution. The Agency has waived collateral requirements for the portion of deposits covered by federal depository insurance. As of June 30, 2024 and 2023, the Agency's cash in bank was insured or collateralized as discussed above.

Cash and investments are recorded at market value.

**LIVERMORE-AMADOR VALLEY WATER MANAGEMENT AGENCY**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEARS ENDED JUNE 30, 2024 AND 2023**

**NOTE 2 – CASH AND INVESTMENTS (Continued)**

***B. Composition***

Cash and investments consist of the following as of June 30:

	2024	2023
Cash in Bank	\$2,547,754	\$553,471
California Local Agency Investment Fund	1,174,069	3,069,842
U.S. Treasury Bills		13,806,604
California Asset Management Program	10,545,413	
Total cash and investments	<u>\$14,267,236</u>	<u>\$17,429,917</u>

***C. Investments Authorized by the California Government Code and the Agency's Investment Policy***

The Agency's Investment Policy and the California Government Code allow the Agency to invest in the following provided the credit ratings of the issuers are acceptable to the Agency; and approved percentages and maturities are not exceeded. The table below also identifies certain provisions of the California Government Code, or the Agency's Investment Policy where the Agency's Investment Policy is more restrictive.

Limit	Minimum Rating	Maximum Maturity	Authorized Investment
None	None	5 years	Collateralized Certificate of Deposits purchased from banks or savings and loan institutions as authorized by statute
30%	None	5 years	Negotiable Certificates of Deposit
None	None	5 years	U.S. Treasury Bills, Notes, and Bonds
None	None	5 years	Securities of Government Agencies (e.g., Federal Home Loan Bank, Federal National Mortgage Association, Federal Home Loan Mortgage Corporation, Student Loan Marketing Association, Government National Mortgage Association, Federal Farm Credit Bank, Tennessee Valley Authority)
30%	A	5 years	Medium-Term Corporate Notes
20%	None	N/A	Mutual Funds (Shares of beneficial interest issued by diversified management companies who invest in securities authorized by § 53601)
None	None	5 years	Indebtedness issued by LAVWMA or any local agency in California
Maximum allowed by LAIF	None	N/A	The State of California Local Agency Investment Fund
Maximum allowed by CAMP	None	N/A	The California Asset Management Program

**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEARS ENDED JUNE 30, 2024 AND 2023**

<b>NOTE 2 – CASH AND INVESTMENTS (Continued)</b>
--

***D. Credit Risk***

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. At June 30, 2024, the Agency's investments in CAMP had a rating, as provided by Moody's investment rating system, of A-1+. The Agency's investment in LAIF is not rated.

Concentration of credit risk is the risk of loss attributed to the magnitude of investments in a single issuer. At June 30, 2024 and 2023, there are no instances of concentration risk.

***E. Interest Rate Risk***

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. California Government Code limits investments in U.S. Treasury Obligations, commercial paper, and negotiable certificates of deposit to a maximum maturity of five years, 270 days, and five years, respectively, which helps to mitigate this risk since the prices of fixed-income securities with a longer time to maturity tend to be more sensitive to changes in interest rates. At June 30, 2024 and 2023, the Agency's investments had a maturity of less than one year.

***F. Local Agency Investment Fund***

The Agency is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The Agency reports its investment in LAIF at the fair value amount provided by LAIF, which is the same as the value of the pool share. The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. Included in LAIF's investment portfolio are collateralized mortgage obligations, mortgage-backed securities, other asset-backed securities, loans to certain state funds, and floating rate securities issued by federal agencies, government-sponsored enterprises, United States Treasury Notes and Bills, and corporations. At June 30, 2024 and 2023, these investments matured in an average of 217 and 260 days, respectively.

***G. Fair Value Measurements***

The Agency categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure fair value of the assets. Level 1 inputs are quoted prices in an active market for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The Agency's investment in U.S. Treasury Bills are Level 1, valued using quoted market prices. The Agency's investment in the Local Agency Investment Fund is exempt from the fair value measurement hierarchy.

**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEARS ENDED JUNE 30, 2024 AND 2023**

**NOTE 4 – SERVICE CHARGES TO MEMBERS**

Under the terms of the Agency's Sewer Service Contract with its members, the members pay the Agency a service charge equal to their share of the actual costs of operating the pipeline and pump station. The members are required to make advance payments to the Agency based on estimated costs. When advance payments are more or less than actual costs, differences are billed or refunded to the members in accordance with their participation percentage as specified in the agreement.

The following schedule reconciles the advance payments received from members with the actual costs of operating the pipeline and pump station determine what is owed to or from the members as of June 30, 2024 and 2023:

	2024	2023
Advance payments received from members

The following is a summary of changes in general long-term liabilities during the year ended June 30, 2023:

	Balance June 30, 2022	Retirements	Balance June 30, 2023	Amount due within one year	More than one year
<b>Revenue Bonds</b>					
2021 Sewer Revenue Refunding Bonds 4%, due 8/1/2031	\$54,790,000	\$4,545,000	\$50,245,000	\$4,735,000	\$45,510,000
Total Long-Term Debt	54,790,000	4,545,000	50,245,000	4,735,000	45,510,000
Plus: Unamortized bond premium	10,097,265	524,534	9,572,731	-	9,572,731
Total Long-Term Debt, net	<u>\$64,887,265</u>	<u>\$5,069,534</u>	<u>\$59,817,731</u>	<u>\$4,735,000</u>	<u>\$55,082,731</u>

**A. 2021 Sewer Revenue Refunding Bonds**

The Agency issued \$54,790,000 of 2021 Sewer Revenue Refunding Bonds on August 11, 2021. Proceeds of the issuance were used to refund the 2011 Sewer Revenue Refunding Bonds and pay costs of issuance. Interest payments are due semi-annually on February 1 and August 1, beginning August 1, 2021. Principal payments are due annually beginning August 1, 2022. The interest rate on the bonds is 4%. The refunding resulted in a net present value savings over the life of the bonds in the amount of \$13,775,080. In fiscal year 2023, the Agency recorded a gain on the refunding in the amount of \$2,803,378 as deferred inflow of resources, which will be amortized over the life of the bonds. The District recognized a portion of the gain on the refunding during fiscal year 2024 in the amount of \$339,803. The balance of the gain on the refunding is \$2,463,575 at June 30, 2024.

Pursuant to the official statement, each member agency is required to set rates to achieve coverage of 1.1 times debt service. Furthermore, the official statement contains events of default that require the net revenue of the Agency and Members to be applied by the Trustee as specified in the terms of the agreement if any of the following conditions occur: default on debt service payments; the failure of the Agency or Members to observe or perform the conditions, covenants, or agreement terms of the debt; bankruptcy filing by the Agency or Members; or if any court or competent jurisdiction shall assume custody or control of the Agency or Members.

**LIVERMORE-AMADOR VALLEY WATER MANAGEMENT AGENCY**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEARS ENDED JUNE 30, 2024 AND 2023**

**NOTE 5 – LONG-TERM DEBT (Continued)**

***B. Debt Service Maturity***

At June 30, 2024, future annual repayment requirements for long-term debt were as follows:

For The Year Ending June 30	Principal	Interest	Total
2025	\$4,925,000	\$1,721,900	\$6,646,900
2026	5,125,000	1,520,900	6,645,900
2027	5,335,000	1,311,700	6,646,700
2028	5,555,000	1,093,900	6,648,900
2029	5,780,000	867,200	6,647,200
2030-2032	18,790,000	1,147,400	19,937,400
Total payments due	<u>\$45,510,000</u>	<u>\$7,663,000</u>	<u>\$53,173,000</u>

**NOTE 6 – RISK MANAGEMENT**

The Agency's insurance coverage is as follows:

The Agency is exposed to various risks of loss related to torts: theft, damage, and destruction of assets; errors and omissions; injuries to employees and natural disaster. The Agency joined together with other entities to form the Special District Risk Management Authority (SDRMA), a public entity risk pool currently operating as a common risk management and insurance program for member entities. The purpose of SDRMA is to spread the adverse effects of losses among the member entities and to purchase excess insurance as a group, thereby reducing its cost. The Agency pays annual premiums to SDRMA for its general, liability, and property damage.

SDRMA is governed by a Board composed of one representative from each member agency. The Board controls the operations of SDRMA including selection of management and approval of operating budgets, independent of any influence by member entities.

In addition to the primary insurance types provided for through SDRMA listed above, the Agency also maintains commercial fidelity bonds, public employee dishonesty and public official bonds to protect against employee theft or defalcation. Settled claims for SDRMA or commercial fidelity bonds have not exceeded coverage in any of the past three fiscal years.

**LIVERMORE-AMADOR VALLEY WATER MANAGEMENT AGENCY**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEARS ENDED JUNE 30, 2024 AND 2023**

**NOTE 6 – RISK MANAGEMENT (Continued)**

The following is a summary of the insurance policies carried by the Agency as of June 30, 2024:

Company Name	Insurance Program		Limits	Deductibles
	Type of Coverage			
Uninsured/underinsured motorists	Each occurrence		\$1,000,000	\$10,000
Auto Liability	Comprehensive liability		5,000,000	1,000
Property coverage	Comprehensive liability		1,000,000,000	1,000
Employee dishonesty	Blanket bond		1,000,000	None
Personal liability coverage (board)	Comprehensive liability		500,000	500
General liability	Comprehensive liability		5,000,000	500
Public officials and employee errors	Comprehensive liability		5,000,000	None
Employment practices liability	Comprehensive liability		5,000,000	None
Employee benefits liability	Comprehensive liability		5,000,000	None
Boiler and machinery coverage	Comprehensive liability		100,000,000	1,000
Special Endorsements	Comprehensive liability		5,000,000	None

Claims and judgments, including provision for claims incurred but not reported, are recorded when a loss is deemed probable of assertion and the amount of the loss is reasonably determinable. As discussed above, the Agency has coverage for such claims, but it had retained the risk for the deductible or uninsured portion of these claims.

The Agency's liability for uninsured claims is limited to general liability claims, as discussed above, and was estimated to be immaterial. The Agency has not exceeded its insurance coverage limits in any of the last three years.

**NOTE 7 – NET POSITION**

Net Position is the excess of all the Agency's assets over all its liabilities. Net Position is divided into three categories which are described as follows:

- ***Net investment in capital assets*** describes the portion of net position that is represented by the current net book value of the Agency's capital assets, less the outstanding balance of any debt issued to finance these assets.
- ***Restricted*** describes the portion of net position that is restricted as to use by the terms and conditions of agreements with outside parties, governmental regulations, laws or other restrictions which the Agency cannot unilaterally alter. These principally include developer fees received for use on capital projects, debt service requirements, and redevelopment funds restricted to low and moderate income purposes. The Agency had no restricted net position.
- ***Unrestricted*** describes the portion of net position that is not restricted to use.

**LIVERMORE-AMADOR VALLEY WATER MANAGEMENT AGENCY**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
**FOR THE YEARS ENDED JUNE 30, 2024 AND 2023**

**NOTE 8 – CONTINGENT LIABILITIES**

The Agency is involved in various claims and litigation arising in the ordinary course of business. Agency management, based upon the opinion of legal counsel, is of the opinion that the ultimate resolution of such matters will not have a materially adverse effect on the Agency's financial position or results of operations.

**NOTE 9 – MEMBER EQUITY ALLOCATION**

A review of the member equity calculation was conducted and each type of asset is allocated according to contractually agreed ownership shares. At June 30, 2024, the members' respective shares of the Agency's net position, based on this calculation, are as follows:

	Operation & Maintenance	EBDA Capacity	2021 Debt Service*	Joint-Use Replacement	Dual-Use Replacement	Sole-Use Replacement	TOTAL
<b>Net Position:</b>							
Total Assets	\$1,711,543	\$1,818,185	\$1,724,910	\$107,943,432	\$496,571	\$8,599,290	\$122,293,931
